

## SIGNING UP FOR DIRECT DEBIT (PBS)

Signing up for Direct Debit is mandatory. Failing to do so will cost a fee of DKK 500 per month (after 2 months of starting school).

With PBS, your payments are automatically deducted from your bank account so that your bills are always paid on time. You only need to register once. When the registration goes through, you will automatically stop receiving school fee invoices.

You control your payments. You can at any time decline a payment or unsubscribe your payment arrangements.

When you sign this paper, the school office will make sure that you will be registered for PBS and the school fee will automatically be deducted from your account every month.

You know that the PBS is active, when you no longer receive an invoice by mail. This means, that if you receive an invoice by mail, you should pay this.
