

Inspection Statement 2017/2018 school year

(English translation of the inspection statement in the document 'Tilsynserklæring 2017/18', which can be read in full [here](#)).

Inspector Annelise Dahlbæk has conducted two visits to International School of Hellerup during the 2017/18 school year. She has arrived at the following statement through an analysis and evaluation of the collected data.

There have been observations in the following subjects: Individuals & Societies, Arts, Danish, Mathematics and Science.

The inspection assesses that the observed students are at a levelled with what can be expected in their grade level.

The overall impression of International School Hellerup is that the education and curriculum delivered is living up to the standards given to the folkeskole.

The inspection assesses that the school's mission statement and practice prepares the students to live in the Danish society with freedom and democracy, and that the school develops and strengthens the students' knowledge of and respect to fundamental human rights, including gender equality.
